

NOTICE OF
CALL FOR PROJECTS

**2005/2006 Measure B Bicycle/Pedestrian Countywide
Discretionary Fund,
TDA, and
TFCA
Coordinated Program**

Issue Date: December 3, 2004

For the first time in Alameda County, three funding sources are being coordinated into a single call for projects: Measure B Bicycle/Pedestrian Countywide Discretionary Fund (Measure B), Transportation Development Act Article 3 (TDA), and Transportation Fund for Clean Air Program Manager (TFCA). Bicycle and pedestrian projects are eligible to receive funding from these sources, and other clean air projects are also eligible for TFCA. The coordinated call for projects is intended to reduce the number of applications required from project sponsors and to bring all county-level programming for bicycle and pedestrian funding sources under a unified programming schedule.

The Alameda County Congestion Management Agency (ACCMA), Alameda County Public Works Agency (ACPWA), and the Alameda County Transportation Improvement Authority (ACTIA) are requesting project submittals for the coordinated program. **Project applications (four copies) are due at the ACCMA Office, 1333 Broadway, Suite 220, Oakland, no later than 3:00 P.M. January 7, 2005.**
